CLASSROOM NEWS

This is Mr. Armstrong's room. We are studying about the nerve cell. We have also been watching filmstrips. There is going to be a contest between kids who want to be in it. Hi! As you have noticed, we are going through torture in gym class. The reason why we are going through this torture is because one of the trampolines is broken thanks to our very own Jerry Douglas.

Hi! We haven't been doing much lately, but in English the kid from India, Sam Shah, has been writing letters to small talk, in Indian language, and the small talk man can't figure it out. Well, don't have anything else for class news this issue.

There is really not much going on in our class. But today we got a new kid. His name is Jim Barnes; before he came here he went to Indian Hills. He says he likes it here better. His favorite subjects he said are math and gym.

With this being the start of a new semester, we all have some new classes. In our class we have been drawing maps and doing reports for extra credit. Some people are making large maps of the United States, Canada, South America, and Central America out of papier-maché.

7-H

We were in Algebra and everybody was yelling out answers when one person yelled out just the opposite. Mrs. Eaton said, "Now you know what Mr. Stan Kutz meant by his comment at our January assembly.

We are also busy in English, mostly getting demerits. We all love the TV series with Mrs. Beeman; we are learning how to address envelopes. Till next issue, we'll be having races to see who can accumulate the most demerits.

Our class has been doing all right. We've got some newcomers lately. They are Kathy Beach, Tim Engstrom, Sherri Hisrich, and Brenda Ankney, and Tracy McClain. Just like anybody new, they brought a lot of problems with them.

Classroom News, cont....

Nothing very much exciting has happened in our homeroom except the day that we went to Buckeye Joint Vocational School. We loaded the busses, and we were on our way. It was really fun and interesting at Buckeye. They had things like meat cutting, where there was raw meat lying around and they would cut it up. They sell a lot of their meat, too! They had a beauty shop there, where people are learning how to style hair. Our guide told us that some ladies come there about once a week to get their hair done by these girls. They have a lot more careers that people can get into. It was a really fun and exciting day for us at B.J.V.S.

D.M.S. News Update....

With your Anchor person, Wilma Smith...We have just gotten a big news bulletin that has rocked the world. Tho very unknown to most of us, Sue Struhar has stopped being Rowdy. She has shocked officials all over the world - even kids in her class at school - especially the kid she used to pick on (Mike Bayer). Now she doesn't even touch him! We have just gotten a message from Steve Martin. He said, "What will I do without my side-kick (Sue) keeping everybody laughing in Dover, Ohio (ark, ark, ark)." Will things ever get back to normal?? More news later on this D.M.S. Station. Congratulations, Sue! I'm going to stop, too!

What's Happen'in with Student Council....

The Student Council is not really busy, but they took a survey for a dress-up dance. The dance was held on March 3, with Doug Williams from WJER as D.J. A lot of kids attended; it was a fun evening. We are hoping by next issue there will be more going on with this subject to interest you. Till next issue, Bye!

Student Study....

Mickey Mamarella is an eighth grader here at D.M.S. He was in football, basketball, and is now in track. He played tailback offensively and linebacker defensively during the football season and was a forward for basketball. During the football season he scored 6 T.D.'s and for basketball he made 246 points. In high school he intends to play baseball, football, and basketball. Mickey has 2 older brothers that played football during high school, so he's following family tradition. As for school, he likes all the subjects the same except for some of the resource classes. Mickey would not like to be a happy homemaker. In the summer, he mows lawns and goes swimming like most normal people. Mickey is a human garbage disposal and maintains his strength by eating everything his mother puts on the table. But Italian foods rate the best (of course, they're the best). He plans to go to college at Notre Dame or Penn. State, but has no idea what he wants to do.

Dear Agnes....

Dear Agnes,

I've got to get this out of my mind. There's this guy I really like a lot and he says that he likes me. The problem is my friend (or so-called friend) always flirts with him. I think she sort of liked him before I did, and I'm afraid of losing him. What should I do? Should I tell her to lay off, or just grin and bear it?

Tired of Flirt

Dear Tired of Flirt,

If you say something to her about it she may get worse instead of better. Grin and be yourself. If he likes you for what you are, you won't need to worry about losing him!

Agnes

Dear Agnes,

I like this guy (we'll say Harry). Well, Harry and I are close friends, but I like him and I don't know if he likes me. His friends say he does, but when he's around his friends he acts like I am not even here. What should I do?

Helpless

Dear Helpless,

Maybe he's just a little shy about making a move toward you, especially when his friends are around. Stay calm and hang in there. If he does like you, give him a little time and some space, and he'll let you know it.

Agnes

Dear Agnes, cont.....

Dear Agnes,

Some other people and I have a problem dealing with the school. Well, here goes. On our bus we have assigned seats. I don't mind that, but everyone has an assigned seat but the bus driver's kids. Also they are the brats of the bus!! I don't think this is fair at all. What can I do?

Discriminated

Dear Discriminated,

Call Isabel Moore (from the school board) and explain the problem to her. Of course you must tell her the Bus No. and driver. You don't have to tell her your name. This should get results.

Agnes

Dear Agnes,

My best friend is my problem. She's found another pig of a friend and she totally ignores me. Now she never talks or calls anymore. Please help.

Pig Hater

Dear Pig Hater,

That's some best friend you have there. Doesn't sound like you lost much. Get other friends who don't "use" you.

Agnes

Dear Agnes,

My best friend is always getting boys. What should I do to get one like her.

Jealous

Dear Jealous,

Ask her how she does it!

Agnes

Dear Agnes, cont.....

Dear Agnes,

I've got a big problem! My parents never let me go to dances or basketball games or any place else and my boy friend said he's going to break up with me since I never get to see him except in school. Help!!

Failed at Home

Dear Failed at Home,

Have you tried to talk to your parents and find the reason? Is it punishment? I don't know why you aren't allowed, but I'm sure they have their reasons. And as for your boyfriend, he doesn't sound like much if he's going to break up with you for such a reason.

Agnes

Dear Agnes,

I have this really bad problem. I liked this guy and I thought he liked me, but I guess I was wrong. The other day I found out that he is going to go with someone, and that someone is not me. I was really hurt, but this other guy said that he liked me. I like both of them a lot. Help! I need your advice. What should I do?

Trapped

Dear Trapped,

Maybe the first guy likes you but likes the other girl better. Why don't you ask the other guy to go with you if you like him?

Agnes

Dear Agnes, cont.....

Dear Agnes,

I'm having big problems. I don't know why, but guys don't like me anymore. I haven't gone with a guy for 2 years. All my other girlfriends have a guy, but no, not me. Now I don't know if it's my face, personality, teeth, eyes, weight (actually I'm pretty slim), or my height, but something is wrong. WHAT??

Helpless

Dear Helpless,

There's no way I could know what's wrong. I can only guess. Maybe you should talk to guys more often. How? Just talk to 'em as friends, about school, sports, etc...Let them get to know you.

Agnes

Dear Agnes,

HELP! I think I've fallen in love with one of my teachers! I have dreams about it every night. Help me fast.

In Love

Dear In Love,

It's not "love". It's just a crush and hopefully it won't last long.

Agnes
