the
Park Press

Who-o-o-ray!

CLASSROOM NEWS

Hello again! I've got some more news for you from our classroom.

Our class helped to keep the bird feeders filled. We were the only ones doing it in that time. The kids that helped were Marci Coventry, Chris Zuchegno, John Kellicker, and Miss Smith.

We are running an experiment with our two rats named Piglet and Snowball. Piglet gets fed milk, while Snowball gets pop. The rest of their diet is the same. After three weeks, the milk and pop are reversed. The experiment runs for four weeks.

Our last month's art winners were Chris Zuchegno, Laura Bachie, and Brian Knecht. Chris Zuchegno painted a ceramic rabbit eating a head of lettuce. Laura Bachie drew a picture of Toni, the Tiger, and Brian Knecht drew a couple of cars.

Mr. Blickensderfer came in and talked about the Newberry award books. He also came back and told us about some of the problems of writing his own book.

By Jon Kellicker
Room 153
Miss Smith

At recess Mr. Wallaces' class plays wiffleball. The first team to win four games wins the series. The way we pick captains is we go around the room and whoever wants to be captain can be one.

Glenda Mast, from Mr. Wallaces' class, made a cake for a science project. It said, "First Prize". After everyone was done looking at peoples' projects, we ate the cake. Glenda took cake decorating for a mini-course.

CLASSROOM NEWS

Mr. Richard's class has been busy. We have two white rats for experiments. We gave one of them pop and one milk. One of them died, but we don't know why.

All of us are anxious to go to camp. We're all going.

Becky Zifer is the camp cover designer. She's from our room.

For science night, our class made a mural on West Africa.

We have three visitors coming in. They are John Huk, from Russia, John and Carol Remington, to tell about Slavic Regions.

Room 195
Mr. Richard

There's not much going on in Mr. Lenarz's room. But the science fair was great. We had a hurricane maker, a report on the human body, and two reports and displays on the horse.

We have two new students named John Vierheller and Lenny Umpleby.

In English we had to make a poster, collage, diarama, or book jacket on a good book we have read.

Also in Social Studies we had to make a brochure on Nigeria and its people.

Mr. Lenarz

REPORTERS: Paula Alexander, Karen Korn, Stephanie Deeds, Mindy Bigler, Tammy Wallick, Dianna Hurless, Kris Haynes, Tom Morris, Melanie Davis, Sam Davis, Brenda Polen, Tracey Judy, Jon Kellicker, John Granato, Jennifer Bixler

TYPIST: Mrs. Waters

EDITOR: Mr. Marshall

COVER DESIGN: Jon Kellicker, Brenda Polen

CLASSROOM NEWS cont'd.

Mrs. Samsa's room is reading books and then we make leaves and put the title, with the author's name under it. The highest group in reading, was doing the U. S. Symbols: there was the Liberty Bell with a report of it, The Bald Eagle and a report, The Great Seal and a report, The Statue of Liberty and a report, a report of the National Anthem as a report, The Capitol House and a report. The Flag and a report on it, and five people did them on states like : Ohio, Hawaii, California, New Mexico, and Florida.

We have a poster for emergency with cuts, nosebleeds, for if something is in your eye, for a sprain in your foot or arm, for a burn on a finger.

The other group is doing idioms that they find in a dictionary.

By Karen Kornis
Room 143
Mrs. Samsa

Our class walked to Baker Florist on a field trip. We also have a bulletin board with a spelling road race on it. There are nine lines. Each time you get a spelling test right, you move a line. There are cars, vans, jets, rockets, and motorcycles. We have nine tests left. Anyone who is able to finish, gets a prize. That's all our class is doing this month.

By Sam Davis
Room 146
Mrs. Gavin

Our class has done a lot of things for the science fair such as making a maze for mice and doing science experiments.

All the kids are happy about going to sixth grade camp, so am I.

By Dianna Hurless
Room 185
Mrs. Fouts

Hello again, back with the news in Miss Sattler's room. We had a lot of good science projects in our room, such as a Lie Detector, plants, hamster, horses and lots more. Everyone liked it.

A girl in our class named, Jenny Border, got a chance to kiss the one and only, Mr. Stachowicz, during art class. Jenny and Mr. Stackowicz had a drawing contest to see who could draw the best picture set up. The prize was the loser had to kiss the other person. And Jenny lost the contest!!!!!!! She gave Mr. Stackowitz a kiss on the cheek. Jenny turned as red as her hair.

"Extra, extra," Miss Sattler is engaged to Paul Bearducci. They are planning to get married August, 1978. Listen for more news later.....

By Melanie Davis
Room 145
Miss Sattler

These couple of weeks have been very busy for us. We are starting map study which includes picking out each state, knowing each state and its capital. We also have to learn the oceans, continents, deltas, and many other things.

We also have been doing a lot of creative writing, and the first one was entitled "Garbage". We have to pretend like we are as small as an ant and be in a huge garbage can.

We are also dividing fractions in math.

For the science fair, some people had rock displays, blood types, space, and the human body, and many other interesting things.

We are planning a field trip to Allison and Lisa Indorf's uncle's farm, around the middle of May.

By Jennifer Bixler
Room 131
Mr. Staley

CLASSROOM NEWS

For project night Mr. Willoughby's room made a movie. It was called Park Poor Picture awards. The nominees were, Chucks Angles, Moronic Man, Chips, AEP Hudson, and Emergency.

Big Foot was in the room. He almost killed everybody who came near him.

All the sixth graders are going to six-grade camp. We will be learning about the nature and what plants are poisonous and what plants aren't.

We are starting to make some kites to fly after our camping trip.

By Brenda Polen
Room 193
Mr. Willoughby

Hi! I'm here again with some more room news. We have a new boy in our class. His name is Kevin. We're having a spelling contest and the one that gets the most spelling tests right wins a candy bar!!!!!!!

KISS is the latest fad, and that's the only thing I hear about.

By John Granado
Room 151
Mrs. Dill

In social studies we have been studying different countries. For China, we did some Chinese writing. Since we have been studying different countries, we are going to bring in different foods that our families like and we are to eat the food the people bring in for lunch.

From the money we got from our play, "The Christmas Carol" our class had a pizza party and bought a gerble. We named our gerble Whiskers and each week someone different takes care of her.

By Mindy Bigler
Room 196
Mrs. Lenox

Hello again! In room 188 we made a papier mache map of China. By the time we finished, we were done with the chapter. Everybody helped on it. Also, some people had a chinese dinner at Mrs. Ramsey's. That's all for now.

By Paula Alexander
Room 188
Mrs. Ramsey

Mrs. Rehm's room went to Stark Wilderness Center on Thursday, April 20. We went on the Wilderness Walk. (A trail.)

In Mrs. Rehm's room, they are studying rocks in science. Their room has all kinds of rocks. Some of them are volcanic rock, petrified wood, fossils, slate, and others.

We did a film on nouns and verbs. We made it for the little children so they can learn what some nouns and verbs are.

On April 7, Mrs. Rehm's room went to the Public Library. They got a tour of the library and then got to stay a while and work on some reports they had to do for English.

By Mardah Cohen
Room 191
Mrs. Rehm

Hello readers. If you haven't noticed we have a new student. His name is Jim Mple. He is from Florida. Science fair was a success. We had pets, reports and projects. Well, that's all readers.

By Tracey Judy
Room 187
Mrs. Jones

CLASSROOM NEWS

INTERVIEWS

The 5th graders had mini courses and some of them were Spanish, cooking, animal care, chess, photo-graphy, and movie making. I took Spanish because I knew how to count to six before they started. Here is how to count to ten in Spanish:

uno (1), dos (2), tres (3), cuatro (4), cinco (5), seis (6), siete (7), ocho (8), nueve (9), diez (10).

On science fair night there were a lot of interesting things in our room, for instance, Julie Crowell made a chart and report on alcohol.

Room 153
Miss Smith

STORY

The Levy Situation.....

The levy didn't pass and that means we may miss 20 days of school and have to make them up on Saturdays or an extra hour of school or both.

Mr. Marshall said that it was unfortunate that it didn't come through. It is difficult to run a program on a budget that has not been increased to any great degree in several years. Inflation has caught up with the Dover Schools, as it has caught up with every American family. The taxpayers have to pass the levy or the school doors will have to be closed and at some point, the state may have to step in and much of the local power will be lost. Hopefully, the next time, the school levy will pass.

Room 187
Mrs. Jones

swimming, suntan, spring, hot sun, horse back riding, tennis, baseball, rabbits, fishing, skateboard, birds, soccer, golfing, bikeriding, running, flowers, grass, jumprope, football, popcycles.

Miss Fisher is the school's secretary. She is very important to our school. Miss Fisher goes to work at 8:00 and goes home at 4:15 p.m. In those hours of time, she has to do a lot of work. She takes care of lunch charges, sick people, typing up news letters, calling buses, and even more.

Miss Fisher has lived all her life in Dover. She is getting married to Mark Wertman. Her hobbies are playing the piano, sewing, motorcycling, biking, cooking, and almost any sport.

She feels bad that the levy didn't pass because she thinks kids will suffer in the end.

Room 144

I interviewed Mrs. Samsa on April 18, 1978.

Mrs. Samsa went to high school at Strasburg. She went to college at Kent State University. She got interested in teaching because her Mother was a teacher and she liked all the teachers she had. She liked to work with kids. She was teaching at Dundee and at the Garaway School System.

Mrs. Samsa was married for five years. Her husband's name is Paul. She has one boy, whose name is Nathan. He is 6 months old. Her hobbies are knitting, embroidering, decorating cakes, and reading mystery books.

POEMS

A cat sat on a hat
The hat got crushed
And the cat got blushed
So then the cat sat on
a mat.

By Tammy W.

Sissors, glue, pencils, too.
They all work to help you.
Sissors, glue, pencils, too.
But, be careful, they can
also hurt you.

Rain, rain, rain, pounding on
the pane
Rain, rain, rain stomping on
the roof
One gleam of Sun and poof!!!!

Sun, sun, sun, shining on the
roof
Sun, sun, sun, shining through
the pane
And now we can go swimming
again.....

Write your own poem below:

ANSWERS TO PUZZLE

DOWN:

1. a red fruit
3. what you play tennis with
5. opposite of early
7. you have this after school
9. a large sea animal
11. the word short for rhinoceros
13. a sport
15. the plural for Indian
17. an ape
19. this insect bothers you at picnics
21. apples, oranges, bananas, & peaches
23. a sea animal with eight arms.
25. an imaginary that splits the earth
in half.
27. a light rain

DID YOU KNOW?????

That the shortest adult was only 23.2
inches high?

That the tallest horse was 7 feet 1
inch high?

That the largest worm was 4 feet?

By Mardah Cohen
Room 191
Mrs. Rehm

Did you know that the least success-
ful author was William Gold, who
earned only fifty cents after 18
years of unceasing labor?

Did you know Scott Spencer, of Wil-
mington, Delaware, jumped 6 miles on
a pogo stick in 6 1/2 hours?

Did you know that the oldest living
snake lived to be 38 years and a
month and was still alive on April 1,
1975?

Did you know that Mike Boodley, of
Trenton, New Jersey, completed 1,001
circuits on a roller coaster and rode
600 miles of track for the roller
coaster marathon?

By Mindy Bigler
Room 196
Mrs. Lenox

ANSWERS TO PUZZLE

UP:

2. what a red light means
4. they live on reservations
6. animals that roar
8. what a cow says
10. a bird like a duck
12. to go by something
14. a person who runs
16. what you write with
18. opposite of dad
20. another name for flower
22. he gather nuts
24. it gives milk
26. one who eats
